## Halloween Safety & Community Fun in the Neighborhood!

Halloween is a special time in Baltimore, and our narrow city streets and rowhouse blocks make it extra festive! Let's work together to keep it safe and fun for everyone.

### Trick or Treaters:

- Stick to sidewalks and cross at corners—many of our streets are one-way and can have limited visibility.
- Make yourself visible after dark by carrying a flashlight or wearing reflective tape or a glowstick!
- Only visit homes with porch lights on, and never go inside anyone's house.
- Inspect treats before eating, and skip anything unwrapped or homemade (unless you know the neighbor who made it).

### Drivers & Cyclists:

- Drive extra safely! Drive slowly, avoid distractions, keep headlights on, even at dusk!
- Exercise extra caution on narrow streets like Durham, Fleet, and Bank - children may appear suddenly between parked cars,
- Expect heavier foot traffic between 5:30 and 8:30 pm

### Residents:

- Turn on your porch light if you're handing out treats! It keeps the block bright and welcoming.
- Keep walking areas clear of cords and decor to minimize trip hazards
- Avoid blocking sidewalks and entrances with decorations or chairs
- Secure pets indoors during trick or treat hours to prevent accidental escapes or frights!
